Wisconsin Aviation Expands Charter Operations in the Milwaukee/Waukesha Markets

FOR IMMEDIATE RELEASE

WATERTOWN, WI – Wisconsin Aviation, Inc.'s corporate headquarters at Watertown, Wisconsin, announces the expansion of its air charter department with the opening of a new office at Milwaukee Mitchell International Airport, 401 E. Layton Avenue, Milwaukee, WI 53207. The corporation looks forward to expanding its market to meet the needs of those needing air travel in this area.

Some of the features of private air travel include security in knowing everyone on your flight; clean and sanitized aircraft that exceed the standards of the CDC; stress-free travel including no long lines, layovers, connecting flights, or intrusive security screening; and the convenience of utilizing smaller, local airports that are closer to your departing location and your destination, to just name a few.

Wisconsin Aviation has been serving the general aviation community since its inception in 1981 and offers a complete line of services including air charter, aircraft maintenance, avionics repair and installation, aircraft interiors, flight training and aircraft rental, aircraft management, aircraft brokerage, and fueling services. The corporation has locations at Madison, Watertown, Juneau, and now Milwaukee, Wisconsin.
